

Vaels International School
Injambakkam, Chennai – 115

17/07/2018

Dear Parent,

To enhance learning outcomes for Mathematics, Chemistry, Biology and Physics through diagnostic assessments (customized to the schools needs) we have come out with a new tool. This will identify learning gaps if any and present the analysis to the teachers instantly. This ensures students a mastery over the topic before proceeding to next. In short it is a tool for enhancement of learning. In addition parents will be receiving regular reports.

Every child will be assessed twice in every term i.e 6 assessments in a year. This is done through a research organization called Open Door which can be reached at www.opendooreducation.in. All founder members of Open Door are IIT alumni. After careful observation, the school has decided to implement Open Door for the benefit of children.

Kindly acknowledge the assessment schedule attached. Please ensure that your child is present on all the assessment days.

Please make a note of the following:-

- 1) Cycle I Starts from 24/07/2018.
- 2) The comprehensive result of the tests will be shared with parents through SMS as well as the detailed report through email. Parents will be able to see their child's score in comparison with the class average.
- 3) This will be followed by reworking on specific concepts in school.
- 4) Cycle 2 tests will commence from 31/07/2018.
- 5) Question papers will be sent to parents.

Thanks and Regards,

Bharathi Lakshmi.C
Principal

Time Table

S.No	Dates		Subject	Portions		
	Round I	Round II		Grade 6	Grade 7	Grade 8
1)	24.07.18	31.07.18	Maths	Number system, indian & international system	Powers & roots, H.C.F. & L.C.M.	Rational numbers, exponents
2)	25.07.18	01.08.18	Chemistry	1. Introduction to chemistry, 2. Elements, compound and mixture (till page 22)	1. Matter and its composition, 3. Elements, compounds and mixtures (till page 23)	3.Elements, compounds and mixture 4. Atomic structure
3)	26.07.18	02.08.18	Physics	1. Matter	1. Physical quantities and measurement	1. Matter
4)	27.07.18	03.08.18	Biology	1. Biology: The Science of Life 2. The Cell	1. Tissue	1. Transport system in plants
