### **GETTING STARTED**

1. Communications for all online classes will take place via Google platforms as well as WhatsApp. It is mandatory that you store your class teacher's mobile number to receive all notifications regarding the virtual classes and other important announcements.
2. The virtual classes will be carried out via the applications provided by Google Education. Google Education is a safe and user-friendly platform for both the student as well as the teacher. We will be using the following apps for effectively carrying out the virtual classes - Google Classroom, Google Meet, Google Jamboards and G-Mail
3. Given below is the list of applications that will be used for the virtual classes. While some may be inbuilt, we request that you download the other applications. Once downloaded please sign into these applications using the ID provided by the school.
